

Tomasello Winery 2010 Outer Coastal Plain Syrah

Summary:

Terroir: The Outer Coastal Plain AVA runs from Princeton east toward Freehold and down to the tip of Cape May. It is characterized by sandy loam soil with a 6 to 8 foot deep clay bottom which promotes good drainage. Degree days are one degree day less than Rutherford in California which promotes wines of moderate alcohol and hence approachability as a food wines. The Outer Coastal Plain is no more than 35 miles from the Atlantic Ocean which results in a maritime influence on the vines.

Vinification: Harvested from our OCP vineyard on October 4, 2010 this Syrah was fermented whole berry with stems u. Fermented in contact with the yeast for 16 days with frequent remontage to encourage complexity and concentration. Aged in American oak barrels for 28 months . Depth of fruit character and substantive tannin are the result
